To the clergy and people of SS Peter's and Paul's, Wem

Dear Brothers and Sisters in Christ

I have recently received your Covenant Statement in response to the six criteria for shared ministry. Thank you for the work you have undertaken in relation to developing this response and your church now meets all the criteria required in relation to affirming this Covenant.

Therefore, effective from the date of this letter, I am glad to affirm your commitment to shared leadership and ministry as a Covenanted church for the next five years - when a review will need to be undertaken. It would be good to mention this in your church newsletters, magazines and/or websites - and also for it to be included in any future parish profiles.

I shall continue to pray for your ongoing ministry in Wem and trust that your mission as a local church becomes increasingly fruitful in serving the Kingdom of God.

Signed

Revd George Fisher – Director of Mission
